CHRIS PORTER

CITY COUNCIL · DISTRICT 4

Dry streets. Open shops. Safe walks.

CANDIDATE PHOTO

Chris Porter will finally fix east-side flooding, because he's an engineer who already got Mill Creek cleared — while City Hall has left it "pending" for six years.

- Civil engineer who has delivered public projects on time and on budget for 15 years
- Led the neighbors who got the Mill Creek culvert cleared after the 2023 flood
- Parent of two kids at Lincoln Elementary; District 4 resident since 2011

CHRIS'S PRIORITIES

Fix east-side flooding

Finish the drainage study and go after state and federal flood grants first.

Faster permits for small businesses

Restart the permit-streamlining pilot so owners get answers in weeks, not months.

A safe walk to Lincoln Elementary

Sidewalks, crossings and lighting on the route kids actually walk.

Help Chris win District 4

Knock doors, make calls, or host a yard sign. One Saturday makes a difference.
